Hi [REDACTED] – It looks like this is your case. See the email chain below. Could you please take a look at what RAB completed yesterday (it should be in NCR now or soon) and respond here with what you think the next steps are?

Let me know if you have any questions or want to talk. Thanks! [REDACTED]

Thanks, [REDACTED]

RMB – once it’s in NCR, let me know what the next steps and we can figure out how best to get back to the company.  
Thanks.

Dear **Ex. 6 Personal Privacy (PP)**

In December of 2019, Sigma-Aldrich submitted L-20-0065. Sigma-Aldrich went through multiple rounds of amendments in response to comments from the engineer and the engineering and exposure reports were updated in June/July. The case has been sitting with the health assessor since August. We have not had a meaningful status update since then. Sigma-Aldrich understands that the risk assessment teams are now in the New Chemicals Division (formerly the Chemical Control Division) as a result of the reorganization that occurred at the end of FY2020.

If the assessors need additional information, Sigma-Aldrich requests that we convene an additional teleconference to discuss the issues.

Although time is short to do so, Sigma-Aldrich is hoping to resolve this case around the anniversary of its submission date, December 18.

Best Regards,
